**Pedestal Fountain with
Pet Fountain**

This fountain is certified to NSF/ANSI 61.

GENERAL

Pedestal, Endura II™ Steel fountain with textured powder coat finish and E-Coat immersion for year-round beauty with minimum maintenance. The E-Coat immersion process coats the outside and inside of the fountain for the ultimate in corrosion protection. Contour-formed stainless steel basin with rounded corners and edges reduces splatter, insures proper drainage and prevents standing waste water. Pet fountain features slow drainage for easy drinking. Ideally suited for installation in public areas.

BUBBLER

Vandal-resistant bubblers are one-piece, chrome-plated, with integral hood guard design to prevent contamination from other users, airborne deposits and tampering.

PUSHBUTTON ACTUATION MECHANISM

Self closing, vandal-resistant pushbuttons do not require grasping or twisting.

AUTOMATIC STREAM HEIGHT REGULATOR

Self-closing assembly is located inside unit to prevent tampering. Unit resists corrosion and liming. A constant stream height is automatically maintained under line pressures that vary from 20 to 105 psi.

INLET STRAINER

Easily cleaned in-line strainer screen traps particles of 140 microns or larger before they enter the waterway.

WATER INLET

3/8" O.D. Tubing
