
FLOOR MOUNTED DRINKING FOUNTAIN

PRODUCT CODE
471:472

November 2006

Special Features

- ▲ HYGIENIC AND VANDAL RESISTANT
- ▲ SMOOTH RADIUSED DESIGN
- ▲ INTEGRAL SPLASHBACK
- ▲ ADULT AND JUNIOR HEIGHT MODELS
- ▲ SHROUD TO CONCEAL PIPEWORK

Description

The floor mounted drinking fountain is hygienic, robust and supplied in two models, to suit adult or junior height installations. The shielded bubbler valve is positioned for ease of use and the smooth radiused design eliminates sharp corners which can cause injury. The drinking fountain is supplied with a full height shroud to conceal the supply and waste pipework.

Construction

The drinking fountain is manufactured in one piece without joints or crevices from grade 304 stainless steel, with all exposed surfaces polished to a satin finish.

For ease of cleaning and hygiene a splashback is incorporated in the top of the drinking fountain.

The shroud is removable to gain access to the pipework and is held in position by security type screws.

Each drinking fountain is supplied with a flush grated waste fitting and a chrome plated shielded bubbler complete with a self closing push button valve.

Waste Outlet

The drinking fountain is supplied with a 32 mm (1¼ in) BSP flush grated waste fitting.

Bubbler Valve

The drinking fountain is supplied with a chrome plated shielded bubbler with self closing push button valve. The valve incorporates a flow adjuster and strainer and is supplied with a water inlet fitting to suit 15 mm diameter pipework.
